1.3 Accommodation

Upon paying your fees and confirming your place, your first step should be finding accommodation.

Securing accommodation in Galway is not always easy. However, there is a variety of accommodation types available, and we suggest taking into consideration which type of housing is best suited to your individual needs.

Options include:

University Student Residences
Private Rented Accommodation
Self-catering Accommodation with Owner or “Digs”

It is best to contact our Accommodation Advisory Service as they will have the most up to date information.

You can email the Accommodation Advisory Service directly at accommodation@universityofgalway.ie or phone +353 91 493540 or Click Here to visit the Accommodation Advisory Service website.

1.3 Self-Catering Accommodation With Owner Or “Digs”

Studentpad is your trusted site for finding private accommodation during your time at the University of Galway.

All properties advertised go through a registration process and are regularly updated.
1.3 Private Rented Accommodation

Private housing is usually cheaper, but there are more risks involved.

Rent is typically paid monthly and in advance. At the start of a letting period, it is standard to pay one month’s rent, also known as a deposit, which is refunded provided you don’t break any of the terms in the lease. The standard lease term is normally 9-12 months.

Private housing can be found via the following websites, however caution is urged. Do not part with any money until you have seen the property in person.

Students also find their accommodation through Facebook Groups such as: ‘Galway House Hunting for Sound People’

Kinlay Hostel and Snoozles offer some student-specific dorms for the full academic year.

IMPORTANT: Be Aware of Scams!
Across Ireland every year there are scams reported. International students have unique challenges and are likely to face fraudulent behaviour. Please refer to the Competition and Consumer Protection Commission advice on how to spot scammers. If it feels too good to be true, it probably is.
Top Tips when Looking for Private Accommodation

Do not go to house viewings alone, always bring a friend.

If you have any connections in Galway ask them for recommendations.

Do not book long term accommodation in the private sector without viewing it, meeting with the landlord and receiving the keys.

Don’t rush into making a decision if it doesn’t feel right. If it feels too good to be true, it probably is.

Be very mindful of posts on Facebook; be aware of scams.

Make sure you know what’s involved in the cost. Is it just rent or bills as well? Typical bills include electricity, home heating oil and internet.

IMPORTANT; Be Aware of Scams! It’s so important we have to say it twice. Please refer to the Competition and Consumer Protection Commission advice on how to spot scammers. See here

Research the location of the accommodation, how will you get to campus? Are there amenities and stores in the area?

Check out Threshold, a registered housing advisory and advocacy charity who can inform you on your rights as a tenant.
