University of Galway is located on the banks of the River Corrib about 10-minute walk from the centre of Galway City. From Queen's College to National University of Ireland, the University's past is intertwined with the history of Galway and Ireland. Founded in 1845 with an initial intake of 63 students, University of Galway is now a thriving institution with over 19,000 full and part-time students, of whom 3,972 are international students representing over 115 countries across the globe and making up over 20% of the student population.

All students of the Business & International Management Summer School take part in trips to the Aran Islands and Cliffs of Moher, Ailwee Caves and Caherconnel Stonefort, Kylemore Abbey and Aughnanure Castle. Students of SS1153 Economic Policy in Ireland will participate on one field trip to Dublin to meet key policy makers and analysts. Students will have access to library and audio visual facilities of the University. Assessment for those requiring credit will be carried out on a continuous basis and through final examinations

Credits

In order to quantify learning and to place a value on it, courses are divided up into credit units. Credits awarded represent a standard number of class contact hours and average workload for a course. This workload includes lectures, practical work, seminars, internships, educational excursions, field trips, private work and examinations. Each course carries 3 Semester Credits (US) or 6 ECTS Credits (i.e. European Credit Transfer System), at an undergraduate level.

Assessments

Assessment for all students requiring credit will be as follows for each 3 Semester Credits/6 ECTS Credits course:

Attendance at lectures, workshops/performances and participation in seminars
One essay of 1,500 words
One final examination

For undergraduate students, essays should be 1,500 words. For graduate students, essays should be 3,000 words and at the appropriate (graduate) level.

Guidelines for submission of essays will be given by Course Directors during introductory classes.

Graduate Credit

In addition to the assessment requirements above, an extended essay will be required for graduate credits. Graduate Students must arrange to meet with their course lecturer for essay topic approval. Students are asked to note that work submitted should be original work in accordance with University plagiarism regulations. It is not permissible for students to submit the same essay for more than one course

PROGRAMME OUTLINE

Academic Director: Dr. Geraldine Dooley

This course consists of two courses, delivered in parallel providing students with a multi-disciplinary approach to studying business and developing the skills to work within an international business setting. The Economic Policy field trip is designed to complement the course taught and is an integral element in the overall course structure.

SS1153 Economic Policy in Ireland

3 US Semester Credits/6 ECTS Credits; Module Director: Dr. Brendan Kennelly

This course is designed to provide students with the analytical and historical foundation for studying contemporary public policy issues in Ireland. It begins with a brief overview of how the Irish economy has evolved in the past 25 years and identifies and outlines a series of key public policy issues in areas such as health, housing, the environment, and social protection. It proceeds to develop an economics framework for analysing these issues which covers the concepts of efficiency, equity, market failure, welfare state, and cost benefit analysis. This framework is then applied to the various public policy issues identified earlier in the course. The course will include a field trip to Dublin to meet key policy-makers and analysts.

SS1155 International & Cross-Cultural Management

3 US Semester Credits/6 ECTS Credits; Module Director: Dr. Maria Bratislava

This module examines how national culture impacts the conduct of business, organisations and people management in a comparative global context, by increasing awareness and understanding of the skills required by managers seeking to work abroad as international executives. Are the pressures of globalisation resulting in the convergence of management practice across cultures or is there evidence to suggest that cultural divergence shapes management practice? This module will be of great interest to students wishing to understand the impact of national culture on managerial practice within and across cultural divides; and managing and working in cross-cultural teams.

FIELD TRIPS

Business and International students have the opportunity to participate in three field trips along with the Irish Studies students. The following are some of the trip destinations:

Aillwee Caves is a fascinating underground attraction in County Clare, featuring dramatic caverns, waterfalls, and ancient geological formations. Guided tours explore stories of bears, fossils, and the region's natural history. Above ground, students can experience the Birds of Prey centre, where eagles, hawks, falcons, vultures, and owls are showcased by expert handlers who explain each species and their behaviours.

Caherconnell Stone Fort is a medieval ring fort located in the heart of the Burren, County Clare. The fort offers insight into early Irish life through its impressive dry-stone walls and archaeological discoveries. Visitors can enjoy interactive exhibits and sheepdog demonstrations that bring the area's heritage to life.

Kylemore Abbey is a stunning 19th-century abbey set beside a tranquil lake and surrounded by the mountains of Connemara, County Galway. Originally built as a private castle, it later became home to a Benedictine community of nuns and is rich in history, romance, and heritage. Visitors can explore the beautifully restored rooms, the neo-Gothic church, and the award-winning Victorian Walled Garden.

Aughnanure Castle is a well-preserved 16th-century tower house located near Oughterard in County Galway and was once the stronghold of the powerful O'Flaherty clan. The castle features thick stone walls, a spiral staircase, a banqueting hall, and a defensive bawn that reflect life in medieval Ireland. Guided tours bring the castle's turbulent history to life with stories of battles, sieges, and clan rivalries.

The **Aran Islands and Cliffs of Moher** Day Return Tour offers a memorable journey through some of Ireland's most iconic coastal landscapes. Visitors enjoy self-guided time exploring one of the Aran Islands, experiencing traditional Irish culture, ancient stone forts, and rugged island scenery. The tour also includes a cruise along the base of the Cliffs of Moher, providing breathtaking views of the towering sea cliffs from the Atlantic Ocean. This day trip combines history, culture, and dramatic natural beauty into one unforgettable experience.

Clothing for Field Trips

We organise our field trips well in advance of the summer school, but unfortunately we cannot predict or control the weather. As Irish weather is unpredictable it is best to be prepared for rain or wind, especially on field trips which require you to be outside. Prepare to dress in layers and ensure that you have waterproof clothing and footwear for wet days and sunscreen for hotter days.

In some parts of rural Ireland, you may not be able to use a debit/credit card so ensure you bring cash with you.

We advise you to bring a packed lunch with you on the day trips.

You will need to balance the commitments of attending class, doing course work and participating on field trips, while also making time to enjoy all that Galway City and its festivals have to offer. You may also want to visit other parts of Ireland while here. You will have a very busy schedule while in Galway, so it is worth considering scheduling time before the start, or at the end of the summer school to allow time to travel and enjoy a vacation.

Weather/Clothing

Ireland has a temperate climate and does not experience extremes of heat or cold. It does, however, have high rainfall levels. The weather is unpredictable and can change dramatically in a short period of time. For more advice on what to pack please see [here](#)
