

Summer 2026 Essential Maintenance of the MV/LV electrical networks on Campus

The Buildings & Estates Electrical Maintenance Team will be carrying out essential electrical maintenance on the medium voltage electrical network on the main Campus on **June 15th, 16th, 22nd and 23rd**. Please refer to page 2 and 3 for a detailed schedule and page 4 for colour-coded map.

The following areas/building will **not** be affected:

- Áras na Mac Léinn including Bailey Allen Hall and Student Bar
- Áras Uí Chathail
- Mail Centre
- Clinical Sciences Institute
- Lambe Institute
- Insight Building
- Dangan Sports Pavilion and Sports Grounds
- Gate Lodge
- Business Units (behind Research & Innovation)
- Corrib Village, Goldcrest Village and Dunlin Village
- Nuns' Island and Fisheries Field

Please note these works are essential and have been scheduled in coordination with ESB networks.

Specialist engineers will carry out the works over several evenings, typically starting at 8:00PM and lasting for a few hours. The power to buildings will be completely shut off and therefore no services will be available during the downtime. Some of the critical buildings have diesel generators and these will be running during the works to provide backup power only.

During these works, we advise the following precautions:

1. Switch off and unplug at the socket, all non-essential offices equipment, workshop equipment and computers.
2. All non-essential equipment in Labs must be isolated at the socket.
3. Ensure experiments in labs are ceased to safeguard against loss of experiments.
4. Turn off all lighting.
5. No persons shall be in any building after 8:00PM during the shutdown.
6. DO NOT USE THE LIFTS.
