## Race Equality Support Services

University of Galway is committed to embedding a zero-tolerance approach to racism and advancing race equality throughout our university. The Race Equality Framework and Action Plan 2023 – 2027 and its programme of work aims to drive cultural and organisational change to achieve this objective.

### Race Equality Team

Owen Ward, EDI Programme Manager for Race Equality and Anne Marie Stokes, Mary Cairns, Tanja Kovacic and Prisca Chipao, the EDI Race Equality Advisors, work collaboratively with the university community to offer support to staff and students while advancing race equality across the University of Galway.

## Reporting Anonymously

**Speak Out** is an online anonymous reporting tool available to all students and staff to disclose incidents of bullying, cyberbullying, harassment, discrimination, hate crime, coercive behaviour / control, stalking, assault, sexual harassment, sexual assault, and rape.

The information you provide using this tool is valuable as the data collated will help inform initiatives aimed at addressing bullying, discrimination and ending sexual violence and harassment at the University of Galway. It is important to remember that as the Speak Out reporting tool is completely anonymous, there is no way of identifying or contacting any member of the university community who uses the tool.

## Reporting Formally

If you wish to report an incident formally, please refer to the following policies:

**QA152-Equal Opportunities Policy**:- University of Galway is committed to equality of opportunity for all staff and students irrespective of gender, civil status, family status, sexual orientation, religious belief, age, disability, nationality or ethnic or national origin, or membership of the Traveller community.

**QA132-Staff-Harassment-Policy**:- The University is committed to ensuring that all staff are aware of the procedures for bringing complaints under this policy and that no staff member should feel threatened or fearful of raising such issues or giving evidence in proceedings or otherwise supporting a complainant.

**QA611-Student-Complaints-Procedure**:- University of Galway is committed to ensuring that students have a positive student experience. The University constantly monitors and evaluates its academic courses, administrative systems and student support services with a view to improving their quality

# Support Options
