Before you arrive

International support	We provide dedicated support for international students through help.international@cunef.edu, offering guidance and assistance throughout their academic journey.
VISA	Non-EU students should be aware that a student visa is required. Please consult the Spanish Embassy or Consulate in your home country for further details. For more information, visit Spain's Ministry of Foreign Affairs, European Union, and Cooperation website
Health insurance	Insurance is strongly recommended, as is the case when traveling to other countries. While it is not mandatory to enroll through our institution, all incoming students should have health insurance in place before arriving at CUNEF. If you are an EU student, visit the European Commission website regarding the European Health Insurance Card for further information.
Accomodation	Accommodation in Madrid is not managed by CUNEF. However, we support students in finding housing that suits their needs and preferences. International students can contact help.international@cunef.edu for dedicated guidance and assistance throughout their stay at CUNEF.

When on Campus

Welcome week	CUNEF organizes a Welcome week for incoming students at the start of each semester. It's a great opportunity to meet our community, explore the campus, and learn about both academic procedures and non-academic resources. Incoming students will also meet local students involved in the Buddy program, a student-run initiative designed to welcome and help integrate newcomers into university life. They're a great resource for discovering the city and making the most of your experience.
Buddy Program	As mentioned earlier, local students are involved in this club, which focuses on supporting international students and offering them the best experience possible. It's the perfect way for incoming students to begin exploring local culture, as they'll receive insights directly from local students. The Buddy Program is very active and regularly offers a variety of events, including meetings, trips, and casual hangouts at CUNEF's cafeteria.
Counselling service	The **counselling service** offered by CUNEF aims to help all students achieve their academic and personal well-being goals. Addressing any concerns students may have, is a priority for our institution, always ensuring complete confidentiality.
Sports and volunteer work	These activities take place outside of teaching hours and contribute to students' academic, professional, and personal development. CUNEF offers a variety of such activities. For more information, students can contact **clubs@cunef.edu**. - CUNEF Clubs - Volunteer work - Sports - Legal challenge - Business case competition

Sports & Clubs

Our humanistic approach has inspired us to create numerous activities beyond the academic sphere, which play a key role in our students' personal development.

At CUNEF Universidad, extracurricular activities are organized and led by students through various clubs.

Participation is entirely voluntary, and students have the opportunity to establish new clubs that foster both personal and professional growth.

STEM	Buddy Program
Investment	Stock exchange
Startup	Banking
Volunteer	Real State
ELSA	Debate
Google Developer	Sustainability
Art & Capital	CUNEF Excellence Club by Nova
Club Global CUNEF	Cibersecurity Club

CUNEF Universidad is not just academic life

In addition, our students have the opportunity to join different sports teams and participate in university competitions and leagues.

Rugby	Football 11
Indoor football	Football 7
Volleyball	Basketball

Career services

We have over 1,600 cooperation agreements with leading national and international organizations across various sectors, helping our students successfully kickstart their careers.

Additionally, our Careers Department organizes training and guidance workshops to help students define their professional goals, navigate recruitment processes, and receive overall support to boost their employability.

To encourage communication between companies and our students, CUNEF Universidad works with two internship and first-job management platforms:

- Dotia Career Platform
- EFMD Highered
- Talentoteca
- Universia

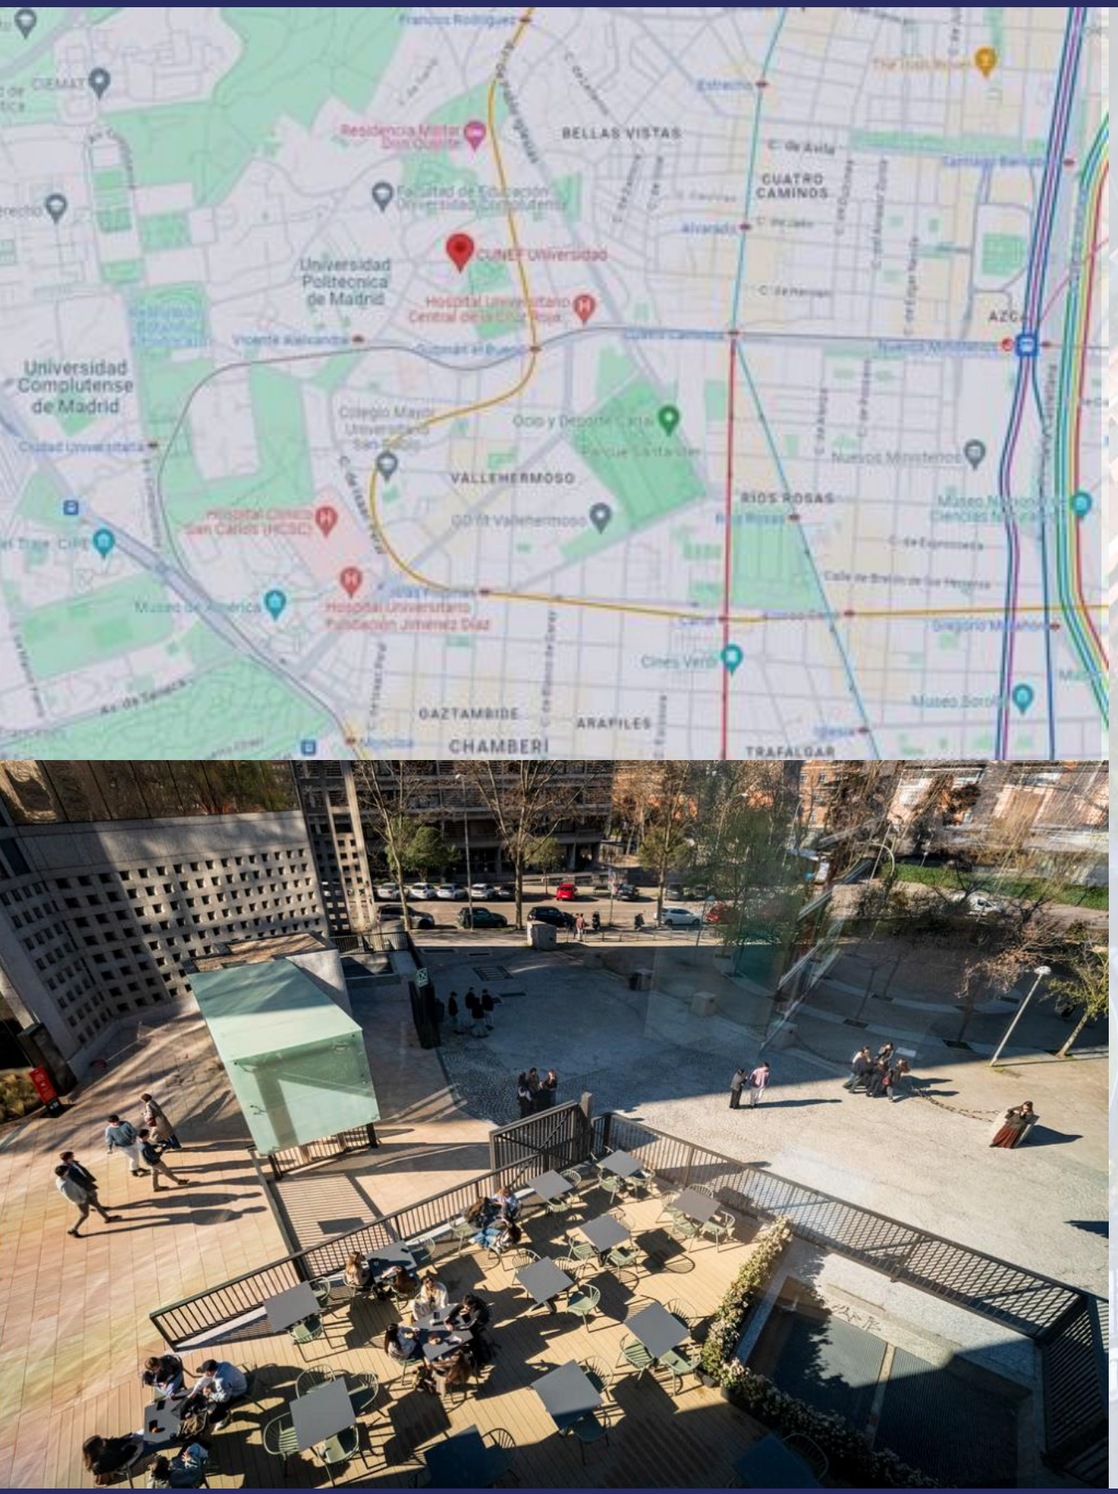

Furthermore, 19 years ago, CUNEF began organizing an annual Employment Forum to create an ideal environment for students to connect with leading national and international organizations, helping them secure their first job.

The Forum gives students the opportunity to learn directly from prospective employers about the most in-demand profiles, their recruitment processes, and the corporate culture of participating organizations.

In short, our goal is to provide students with the opportunity to interact directly with these companies and institutions in one unified space.

Kickstart your career, *reach for success*
