Examination Evacuation Procedures

- 1) Prior to commencement of examinations (i.e. during announcements), the emergency exits will be pointed out to candidates in the examination venue.
- 2) Unless otherwise advised, all alarms should be treated as an emergency.
(**Continuous ringing** of the alarm: Evacuate the building immediately by the nearest exit route and proceed to assembly point. **Intermittent ringing** of the alarm: Investigate the source of the alarm, do not take risks, do not use lifts and prepare to evacuate).
- 3) If the alarm is sounded, the Chief Invigilator is responsible for the evacuation of the examination venue, in accordance with the instructions given by the appropriate university authority, or senior authority in an external examination venue, and should follow the normal procedures and instruct candidates to leave the building immediately and assemble at the designated assembly point.
- 4) Chief Invigilator to stop the examination.
- 5) Chief Invigilator to instruct the invigilators to act as 'Marshalls' i.e. will be responsible for leading their designated rows or classes/sections of students to the assembly point.
- 6) Instruct the students to leave all examination materials on their desks.
- 7) Escort the students from the examination venue using the emergency exit(s).
- 8) Close the door to the venue you are vacating.
- 9) Do not use the lift.
- 10) Assist anyone who may be disabled or otherwise need assistance.

- 11) The Chief Invigilators should contact the Exams Office immediately to report the situation – contact numbers will be stored in allocated mobile phones.
- 12) The Exams Office will contact the relevant department who decide if they want to abandon the examination, or proceed once the situation has been resolved.
- 13) If circumstances permit, the Chief Invigilator is to take the signature roll. Students are to follow the Invigilator to the assembly point, where a register will be taken to confirm attendance.
- 14) Invigilators are to ensure that the students are supervised as closely as possible whilst they are out of the examination room. Students are still required to observe examination conditions i.e. no talking, texting, telephoning, communicating with anyone. Failure to do so will be treated as a breach of examination regulations.
- 15) Note the time and duration of the interruption.
- 16) If you are permitted to return to the examination room, check the signature roll again once all candidates are seated and re-start the examination. Extra time will be allowed to recompense for the time lost and a new examination finish time will be announced, by the Chief Invigilator i.e. the amount of time that students were outside the examination venue, plus 10 minutes for re-reading the examination paper and settling back into the examination.
