- When creating a new version of an existing module *all information will remain the same as last year*, you can review all entries to the fields and tabs and *update as required* for the next academic year.
- A red \* signifies a *required field*, this means these *fields should be completed or* the module *will not* pass the approval process.
- The module code, title and ECTS credits *are locked* as a user cannot change either as it would have a retrospective effect.

**Note:** if you want to change the module code or title for an existing module you have to *create a new module*.

• **Important:** the <u>Valid From</u> will be automatically updated to the next academic year when you create a new version of an existing module.

Valid From

2017-18 (01-09-17 - 31-08-18)

This field outlines the date at which the Module becomes active/valid.

 $\mathbf{\sim}$ 

• **Teaching Period:** This is where a user can edit the taught semester. This will filter down to the assessment tab where users will be restricted from choosing assessment from any other period apart from those which match with the taught semester in the main tab.

## What Happens Now?

My Draft Modules My Pending Mod	ules My Reviewed Modules My Approved Modules
My Draft Modules	You can leave your module in draft and the <b>'EDIT'</b> option will be available to you until such time as you wish to Submit for Approval
My Pending Modules	Once your module is in <b>'My Pending Modules'</b> a Co-ordinator has two options:
	• They can 'Set to Review' or 'Revert to Draft Status'
	A Co-ordinator is classified as any user who has been given Co-ordinator permissions on AKARI and who is also in the same discipline as you
My Reviewed Modules	If the Co-ordinator is happy with the content etc. they will ' <b>Set to Reviewed'</b> . You will then see your module in ' <b>My Reviewed Modules'</b>
Click Save Course Stream at each step, saving m	NUI Galway, Syllabus Team Accessing AKARI (updated October 2017)       32         Inessage appears       Image: Saving followed by message saved

The next step is that the College Approver can choose to '*Give Full Approval'* to the module. The module will then be finalised and will go to the message queue between AKARI and Quercus ready to be approved

Once the module receives final approval, it will be moved to '*My Approved Module*' tab. AKARI is generally *CLOSED* when this step happens.
